

# Function List (European domain) (FUN1\_00)

<b>Id</b>	FUN1_00
<b>Title</b>	Function List (European domain)
<b>Description</b>	The Function List provides a hierarchy of service groups to support information referenced at service group level, rather than in the detail of the full Service List. Local Government Service List services are mapped to terms in the Function List so that information on services may be presented in esd-toolkit (and elsewhere) in an ordered structure.
